

The Superintendent
Institute of Child Health
Kolkata

4 December 2017

Dear Sir:

Sub: Visit to cheer General Ward Inpatient children on Saturday 9/12/2017

We are pleased to introduce The Sirri Saqti Foundation, a registered Charitable Trust based in Zakaria Street, working in the field of health, education and livelihood.

Our Foundation has undertaken a programme to visit your hospital and bring some cheer to the children recovering in the general ward. We would like to bring a cartoon character and distribute some sweets and toys to the children during this visit. We are carrying out this initiative as part of our 'Prophet Muhammad Week' initiatives and propose to visit on Saturday 9/12/2017.

We would request you to let us know the number of inpatients and provide us permission to carry out this project.

With regards

Abdul Rahim
Trustee
